## Part A: Pupil premium strategy plan

### Statement of intent

As part of the Lincoln Anglican Academy Trust, we believe that every child should be enabled to be all that God intended through excellence, exploration and encouragement. No matter what their background or circumstances, every child deserves to have the same opportunities to help them succeed in life, both academically and within society as a whole.

Our school values statement is 'Respect, Achieve, Enjoy, Believe, this is no more apparent and vital as it is with the support that we give to our most disadvantaged children. The purpose of the pupil premium strategy is to support disadvantaged children in overcoming challenges in order to achieve this and to ensure there is equity for all. We pride ourselves in creating and sustaining strong relationships with parents and carers.

#### Our Pupil Premium Mission Statement

We *respect* each individual child's lived experiences and are committed to working in partnership with families.

We are committed to removing barriers to ensure that all children can *achieve*

We will ensure that all children *enjoy* a rich variety of experiences and have the opportunity to contribute to their school community.

We encourage children to *believe* in themselves and 'dream big'!

Being a school that is part of the Trust, we believe that one way to ensure fairness for all is to provide an education that includes 'mirrors and windows', where children are given opportunities that allows them to see beyond their own lived experiences and get to feel and understand that they have a positive part to play in a rich and varied society (locally, nationally and globally). The Trust vision of 'You are the God who sees me' (Genesis 16:13) is articulated through the ethos of Excellence, Exploration and Encouragement powered through Equity.

Every disadvantaged and vulnerable child has the right to be privileged and it is our intention to address any social divide and inequality. This Pupil Premium Statement supports all children who are vulnerable, including those who are already high attaining. Strategies also include supporting

## Pupil Premium Strategy Statement at Morton Church of England Primary School

children who are young carers; those that have a social worker; looked after and previously looked after children; pupils in receipt of FSM and those not on FSM but may be on the poverty line; and service children. We ensure that appropriate support is given to those considered to have multiple vulnerabilities, such as disadvantaged and SEND or EAL. There is an expectation that all can achieve.

We have a moral obligation to bring about positive change and a desire to deliver an enriching learning experience based on high expectations, high challenges and high ambitions for all children, and particularly for those experiencing socio-economic disadvantage. We have received bespoke training from the Trust that has secured our understanding that if we get teaching and learning right for our most vulnerable pupils, then we are getting it right for all.

Research identifies quality-first teaching as being the most effective way to close the attainment gap between disadvantaged children and their peers, therefore this is a fundamental thread throughout the strategy statement, with a focus on high-quality CPD to upskill staff and to ensure disadvantaged pupils' attainment will be accelerated and sustained in line with their non-disadvantaged peers.

The impact of the pandemic, particularly on vulnerable children, cannot be ignored and the recovery premium funding is being used as targeted support through additional tutoring for children who have been affected the most.

Our decision-making has taken into account a thorough diagnostic assessment of our children's challenges and individual needs. This alongside a consultation with parents builds a picture of the whole child. The approaches we have adopted complement each other to help pupils to succeed. To ensure they are effective, we will:

- be uncompromising in our belief that all pupils and staff should be supported and challenged to be the best that they can be.
- adopt a whole-school approach in which all staff take responsibility for monitoring the wellbeing of children (if this is at the heart of what we do, then this should have a positive impact on attainment)
- adopt a whole school approach in which all staff take responsibility for disadvantaged pupils' outcomes and raise expectations of what they can achieve: First and Best!
- ensure there are no 'capped ceilings' on learning
- address any further barriers as soon as they arise to mitigate against any additional negative impact on progress
- **This statement of intent is in line with our school development plan and existing practices to ensure sustained impact.**

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	<p>A language gap in pupils not only on entry into school but also into Key Stage 1 which is more prevalent in the pupils who are disadvantaged. The vocabulary gap has been identified through assessments, book study, observations and discussions.</p> <p>We have identified in Summer 23 that 50% (3 pupils) of those eligible for Pupil Premium did not meet a GLD in Reception.</p> <p>Barriers for these children were Communication , Language and Literacy.</p> <p>In Summer 24 100% of those eligible for Pupil Premium ( 2 children) did meet a GLD in reception</p>
2	<p>We have identified disadvantaged pupils as having an increased chance of having difficulties with phonics than pupils who are not disadvantaged.</p> <p>This difficulty has a detrimental impact how they develop as a reader, which can in turn hinder their love of reading as well as their ability to access the wider curriculum and make progress in all other subjects.</p> <p>We are committed to closing the gap for children in Early Years and Key Stage 1 and will provide intervention for children at risk of falling behind.</p>
3	<p>Using teacher assessment indicates that Writing attainment among disadvantaged pupils is significantly below that of non-disadvantaged pupils. This is especially true for the current cohorts in y3, y5 and y6.</p>
4	<p>Our assessments (including wellbeing survey), observations and discussions with pupils and families have identified social and emotional issues for some pupils, including difficulties managing emotions and worries and a lack of resilience. These challenges particularly affect disadvantaged pupils, including their attainment.</p> <p>22 pupils (12 of whom are disadvantaged) currently require additional support with social and emotional needs, with 17 (9 of whom are disadvantaged) receiving small group interventions.</p>
5	<p>The disadvantaged pupils can have a lack of opportunities to build cultural capital through a lack of wider out of school experiences and opportunities, this hinders the children’s knowledge base and platform to acquire wider skills.</p>

	Parental engagement for disadvantaged families is mixed and there needs to be a more genuine partnership to secure the best outcomes for families.

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
1. Close the vocabulary gap and improve skills among disadvantaged pupils.	<p>Carefully planned activities and quality interactions with adults are seen across the school to support quality vocabulary.</p> <p>TA led small groups and 1:1 intervention using WELCOMM programme. These language approaches will be used and have a positive impact on children's language and vocabulary where planned vocabulary will be remembered by pupils. This will be evidenced in on going assessments, observations, pupil engagement and contribution in lessons and pupil voice.</p>
2. Disadvantaged pupils reading progress and attainment will have increased as a result of improved phonics.	<p>It is our aim that all disadvantaged pupils will meet the expected standard in phonics. This will significantly aid disadvantaged pupils to make good progress and attainment in KS1 and KS2.</p> <p>Intervention, catch-up and keep up happens regularly and children are tracked carefully to ensure they make rapid progress. We have ensured that all staff have the training needed and the opportunity to observe quality first teaching in phonics.</p> <p>Tracking will continue on Year 2 and KS2 to include those children who missed or were borderline in their Year 1 phonics screen. This will also include children who join our school in Year 2 onwards.</p>
3.A) Improved writing attainment for disadvantaged pupils at the end of KS2.	<p>Whole school approaches to the teaching of Writing reflects the first and best approach.</p> <p>This includes all staff CPD surrounding transcription, spelling and the implementation of a new writing curriculum.</p>

## Pupil Premium Strategy Statement at Morton Church of England Primary School

<p>B) Improved Maths attainment for disadvantaged pupils at the end of KS2.</p>	<p>Whole school approaches to the teaching of Mathematics, focussing particularly on the teacher's knowledge of cognitive science principles.</p> <p>This is complemented by timely interventions.</p> <p>Robust tracking using the schools Disadvantaged Provision Maps.</p>
<p>4.To achieve and sustain improved wellbeing for all pupils in our school, particularly our disadvantaged pupils.</p>	<p>Sustained high levels of wellbeing from 2024/25 demonstrated by:</p> <ul style="list-style-type: none"> <li>• qualitative data from pupil voice, pupil and parent surveys and teacher observations</li> <li>• a significant reduction in the number of behaviour incidents</li> <li>• Children access support from adults using a range of methods (e.g. Worry box, can I talk to you card, lunchtime clubs).</li> <li>• Transitions between year groups within the school and from Year 6 to Year 7 are carefully planned and smooth.</li> <li>• Additional CPD for adults to support pupils' wellbeing.</li> </ul> <p>Raised levels of resilience in pupils</p>
<p>5.To improve parental engagement and work together to ensure children have a broad range of experiences.</p>	<p>Disadvantaged pupils are prioritised when offering extra-curricular activities. Financial barriers are removed and conversations with families happen in a timely manner to ensure equal access.</p> <p>Parental engagement is prioritised with opportunities for families to visit the school informally to learn more about school life. Signposting to support networks, charities and the HAF program.</p> <p>The school will run onsite workshops for parents brokering local agencies to support families e.g. The Working Together Team, Healthy Minds</p> <p>We will use the Trust-wide initiative of Windows of Opportunity - Five before 5, Seven before 7 and Eleven before 11. This initiative is focussed on a foundation of enrichment and opportunities to enhance and widen horizons.</p>
<p>6. The attendance for disadvantaged pupils will have improved and be in line with peers</p>	<p>The attendance for disadvantaged pupils will have improved and will be in line with national attendance. The gap between disadvantaged pupils and their peers will have reduced for persistent absence.</p>

This is likely to be due to the explicit nature of the instruction and the intensive support provided.</p> <p>It is possible that some disadvantaged pupils may not develop phonological awareness at the same rate as other pupils, having been exposed to fewer words spoken and books read in the home. Targeted phonics interventions may therefore improve decoding skills more quickly for pupils who have experienced these barriers to learning.</p> <p>Phonics approaches have a strong evidence base indicating a positive impact on pupils, particularly from disadvantaged backgrounds. ### Combined attainment

## Pupil Premium Strategy Statement at Morton Church of England Primary School

- *Improved well-being: Observations and monitoring of disadvantaged pupils show good self-esteem, self-efficacy and confidence. Reading aloud in school events.*
- *Observations and monitoring of disadvantaged pupils show high standards of learning behaviour in class, intervention sessions and homework. Reduction in referral to emotional support. Pupils access opportunities to play with children in other classes & year groups through a range of funded & subsidised opportunities including day and residential trips*
- *Residential, swimming and school trips subsidised/funded so that all pupils can access. Improved attitudes to learning. Monitoring shows that the majority of pupils eligible for PPG behave well in class and on the playground with little or few emotional outbursts.*

*Attendance 24/25 -Attendance for PP- 95.6% improved from 90.91% in 2023/24*

*If last year marked the end of a previous pupil premium strategy plan, you should set out your assessment of how successfully the intended outcomes of that plan were met.*
